- The City of Tacoma is a sponsor this year this is a big deal
 - o This means that we are on the City's budget for next year
 - We will keep asking for a little bit more from the City each year
 - They provide as long as you're making progress
- New guidelines that have been initiated this year to promote growth
 - No sidewalk vendors
 - In an effort to provide safety for vendors and festival goers, the sidewalk space between the brick and mortar businesses and the booths will remain open
 - This provides wheelchairs or walkers to pass unencumbered
 - We have limited space on the Ave
 - Businesses are able to put signs out Keep space usage tight -Tacoma Police Department (TPD) will enforce
 - Beergarden is an exception
 - Per Washington State law, a beergarden has to be connected to a building
 - WA State Liquor Code applies to an extension of a building/location - ie... a beergarden
 - \$250.00 fee per beergarden is new this year
 - In lieu of cost of insurance and TPD fees
 - The cost was previously absorbed by SABD
 - AOA Planning Team is approving and denying beergardens based on location/size/fits into footprint
 - We need a 20 ft fire lane on either side of the street
 - We need more cops to remove cars from streets earlier to allow for vendors to set up their spaces

 - People utilized businesses more for bathrooms than sales

 - There are promotions options
 - We need volunteers reliable bodies
 - The day before and day of event are most important

 - Consideration of volunteers from UPS fraternity/sorority members will be taken by SABD and UPS Administration
 - Frat/Sorority members have service requirements
 - Vendors need to check in we can't give them a spot before hand they bypass the AOA staff and will head in without checking in with staff first if we give them an assigned place beforehand
 - Last year there was a delay due to mismarking stalls and not abiding by the space marked
 - Brick and mortar buildings are a priority vendor booths are second
 - Priority is given to a booth associated with a business to be in front of the business
 - Business types will be spread out up and down the Ave based on availability... ie... An ice cream stand won't be in front of Ice Cream Social
 - AOA will monitor noise caps for generators

- We can't hire drones to count people at an event
- Stage location
 - Businesses will be getting a schedule for the bands based on stage name first and then who is on the stage
 - The stage/band schedule will be out by first week of June
 - Stages in same spot one booth a little further down to get more attention down by Alder

 - There is also a municipal cap of 16 stores, if the state increases the limit of stores per city If the state limit goes up we can go up as well
 - Requirement for residency has not been waived so out of state supply of marijuana will be an issue
 - 2 stores on the Ave are legal
 - TPD says there are 100 unlicensed stores in the city City has authority to shut them down
 - The stores weren't shut down before because of a balance of issues now the laws are more enforceable state laws were previously in infancy
 - Selecting who is awarded a business license to sell marijuana will be a lottery
- "Click" engagement committee
 - The City is maintaining public control
 - We have planned big strategic investments
